Dear Pastor,

I have to thank God for this short time to jot some few words to you.

It's so nice to say thank you very much for the tapes that I received from you. They meant a great deal to me and my family as well as my Congregation.

I have some friends of mine whom we share to listen your tapes and one said - 'Yes! it's true, if you want to be Happy just welcome Jesus' We got these words from "TRANSFORMATION and CONVERSION." So Pastor your work will never be forgotten in my family and my congregation.

May God give you power to go on with this big task to spread the Gospel to the whole World.

I remain, Hoping to get more from you dear Pastor,

Faithful,

Rev. B. Mushi
