Dear Pastor,

Greetings in the name of Jesus Christ our Saviour who died instead of us sinners. This is the basis of everything which we as Christians (especially all who saved) received from God. HALLELUJAH.

Thank you very much for your lovely letter. I received it when I was about to write to you, another letter to inform you that I have received five parcels of your tapes. Thank very much for your kindness, may God bless you.

I have listening to them ever since. So far I am learning more from these tapes when ever I listen to them. We learn many things here in our College which may strengthen or ever weaken a young believer. I used it during my holiday within my Congregation called KOKIKIE. Many people within the Congregation according to your tapes decided to give Jesus to rule ~~their~~ <sup>their</sup> lives. To my side, I received Jesus as my personal Saviour only few years ago, and he really loves me, and also I really loves him. Due to great Confusion I found it sometimes difficult to walk with the Lord daily. Together with heavy prayers these tapes have become a great comfort and source of revival to me. I also preach the word of God in market place, Hospital and anywhere I find people during my holidays. So, please Pastor, remember me also in your prayers. I am also praying for you. Also, please send tapes as much as possible in order to help me more.

God bless you even more

Thank you

Your faithful in  
Jesus CHRIST

HIMPHE MBOYA.
