Dearlly Pastor,

I thank Thee for His power He grants to all human beings through His grace. In fact without His Grace all human beings could have been led astray. In fact Jesus Christ has played a big part as an intermediary b/w us unjust people and God. But we know that through His Grace we are all saved regardless of what we have done.

I really want to share the message of the Lord with you, I have heard from other people who receive recorded cassettes full of preachings. In fact I'm eager to hear a lot from you for I know I will gain a lot from your message spiritually. I have heard many people thanking you orally about these preachings as helpful ones, so I myself need not be passed by by them. So would you please mind to supply me these for me to witness myself about your ~~preachings~~ and keep them for remind.

Greatly I thank Thy Lord who has enabled you to be a good preacher to all nations without segregating any. This
